

Meet the ridiculously fast way to write term life insurance.

5 new ways that Vive saves you valuable time every time.

Vive
Get on with Life

1 Quote, compare and submit an order in just 5 minutes.

Vive gives you the industry's fastest way to write term life insurance. Watch the 90-second demo at getvive.com.

2 Get Accelerated Underwriting decisions in days instead of weeks.

Vive's groundbreaking technology feeds data directly to insurance carriers. The direct links allow Vive to immediately determine your client's AU eligibility. It's a breakthrough that allows carriers to make more non-medical underwriting decisions in a matter of days. No exam, no blood, no medical records.

3 The Vive Score. Because price isn't everything.

In an industry first, Vive creates a weighted score to rate the overall consumer value of each product above and beyond price. No other online tool does so much to make consultative selling so easy!

4 Real-time case status at your fingertips.

Vive automatically aggregates all case status across all Vive carriers in one location. Auto alerts via email or text let you focus on cases that need special attention. More cases stay on schedule with a lot less effort.

5 We want to hold your hand with quote sharing.

Just contact your Vive-affiliated BGA now and ask them to run your quotes for you. They'll start your order and send a Share-a-Quote link by text or email. You get instant access to the order for internal review, revision or finalization.
